**II. Description of Required Services**

In February 2024, the Smithsonian Institution (SI) published its Human Remains Task Force's report, which provided recommendations for an institutional policy to address the future of all human remains held in SI collections. One of the recommendations was for the SI to establish a program at the National Museum of Natural History (NMNH) dedicated to returning non-Native American human remains. The staff of this new program, hereafter the Human Dignity program or HDP, will be separate from the staff of the NMNH's Repatriation office (RO), which repatriates human remains subject to the National Museum of the American Indian (NMAI) Act, and the staff who implement the SI's Shared Steward and Ethical Returns (SSER) policy, which addresses items in SI collections – but not human remains – that might have been acquired through unethical means or circumstances. However, the work of these three programs is intertwined, requiring close coordination and regular communication. This contract would facilitate this work by coordinating HDP activities with the RO and the SSER programs. The HDP is co-led by NMNH staff Sabrina Sholts (Curator of Biological Anthropology) and Jim Wood (Communications Director) while the process to hire a permanent manager for the HDP is underway.

The contractor would coordinate the external inquiries received by NMNH under the HDP and would liaise between the Office of the Registrar, the RO, the SSER program, and the Anthropology Department. While requests may involve any NMNH collections item, it is anticipated that more than 90% of the requests will be for objects or human remains within the collections of the Department of Anthropology. This one-year contract would support the museum's response to the Smithsonian's policy on human remains until more formal funding and positions are in place.

### III. EVALUATION

The SI plans to award based on best value to the SI considering the following factors. The SI plans to award without discussions, however, does reserve the right to conduct discussions if later determined by the Contracting Officer to be necessary.

2. **Past Performance** should be indicated by a list of current or previous contracts with names of points of contact and their current telephone numbers who can answer specific questions on quality, workmanship and scheduling. Provide contract periods of performance dates, dollar value, and brief description of the work performed.

#### B. Qualifications/Technical Competence

1. **Technical Information** - Technical information should include a narrative discussion addressing the technical competence, the firm's capabilities, qualifications, and approach to satisfy the requirements of the SOW.

### IV. INSURANCE REQUIREMENTS

Prospective contractors are required to have Commercial General Liability Insurance for (\$5,000,000) The SI must be listed as additional insured for the Commercial General Liability insurance. Proof of insurance must be submitted with quotes.

#### V. System for Award Management (SAM) registration

It is a requirement that current and prospective recipients of contracts and purchase orders awarded by the SI must have an active SAM registration to be eligible for awards and maintain an active record in SAM throughout the period of time the SI award will be in effect. The SAM requires a one-time business registration, with annual updates, and allows

vendors to control the accuracy of the business information they enter. The financial data you enter, which includes the electronic funds transfer (EFT) data collected by SAM, will assist the SI with correctly directing payments on your invoices and complying with the Federal Debt Collection Improvement Act of 1996.

Within thirty (30) calendar days after your SAM registration is activated you must mail a notarized letter to SAM. You will receive guidance on this procedure throughout the SAM registration process and again after your SAM registration is activated. Federal agencies, including SI, have been assured that once an entity's SAM registration is activated, agencies may engage that entity. Notarized letters from registered entities will need to contain specific language. OCon&PPM has provided the preferred language for letters with our form memo OCon 120 – Mandatory Registration in the System for Award Management (SAM) that accompanies this RFQ.

If yours is the acceptable price quote and you are selected for award, your organization's active registration with SAM must be verifiable by SI staff managing this procurement prior to contract or purchase order award being executed, and at the time any modifications or amendments to awards might be required.

You may complete or update your SAM registration information anytime online at <http://sam.gov>. Questions regarding the process may be directed to the Federal Service Desk online at [www.fsd.gov](http://www.fsd.gov) or via toll free call to 1-888-606-8220. There is no charge for registering in SAM.

## **VI. UNIQUE ENTITY IDENTIFIER (UEI) NUMBER**

A UEI number is a unique twelve-digit alpha-numeric identifier that will be assigned to you when your SAM registration is completed. A UEI is available for each physical location of your business (see Section V. of this RFQ). You will need to maintain your assigned UEI(s) in a safe location where they may be easily accessed. Your UEI will be required whenever you need to annually update your SAM registration or make changes to your SAM registration information at any time.

## **VII. LEGISLATIVE and/or administrative Requirements**

### **A. Service Contract Act of 1965, as amended**

If services to be performed are covered by the Service Contract Act (SCA), as amended, the SCA shall apply to all work performed under the contract, purchase order, or GSA schedule task order to be issued. Individuals and companies submitting quotes are encouraged to verify the wages and fringe benefits determined by the U.S. Department of Labor to be payable for the Labor Category and in within the location that work performance will occur as cited in the Statement of Work. The SCA wages and fringe benefits payable shall be part of the order award.

Individuals and companies awarded a contract, purchase order or GSA schedule contract task order for SCA covered services are responsible, and required by law, to deliver to its employee(s) or post a notice of the required compensation in a prominent

place at the worksite. The SCA provides authority to contracting agencies to withhold contract funds to reimburse underpaid employees, terminate the contract, hold the contractor liable for associated costs to the government, and debar from future government contracts for a period of three (3) years any persons or firms who have violated the SCA. The contracting officer awarding this order, or the Smithsonian Inspector General, may periodically require contractors to provide information that verifies compliance with the SCA for services provided under the awarded contracts, purchase orders or GSA schedule contract task orders.

Contractor employees who require an SI Credential shall be required to undergo and pass an appropriate background investigation and complete security awareness training before an SI Credential is issued. Employees whose associations with the SI will be less than 30 days shall not receive a background investigation or SI Credential, however, they must be escorted by Credentialed personnel at all times when in staff-only areas of SI facilities. One of the recommendations was for the SI to establish a program at the National Museum of Natural History (NMNH) dedicated to returning non-Native American human remains. The staff of this new program, hereafter the Human Dignity program or HDP, will be separate from the staff of the NMNH's Repatriation office (RO), which repatriates human remains subject to the National Museum of the American Indian (NMAI) Act, and the staff who implement the SI's Shared Steward and Ethical Returns (SSER) policy, which addresses items in SI collections – but not human remains – that might have been acquired through unethical means or circumstances. However, the work of these three programs is intertwined, requiring close coordination and regular communication. This contract would facilitate this work by coordinating HDP activities with the RO and the SSER programs. ## Office of Contracting and Personal Property Management

Notice to all Current and Prospective Smithsonian Institution Contractors

Subject: Mandatory Registration in the System for Award Management (SAM)

Individuals and companies that want to do business with U.S. government agencies, including the Smithsonian Institution, are required to maintain active and valid registrations in the System for Award Management (SAM). We are informing you of this requirement because you are a vendor who is already providing goods or services to the Smithsonian, have been requested to present pricing and/or proposals for goods or services, or currently participating in a Smithsonian solicitation for goods or services. Smithsonian employees are not authorized to complete contract and purchase order awards to vendors whose SAM registrations cannot be verified as active.

Registration with SAM is free and accomplished via <https://www.sam.gov>. Included with this letter are tips on how to register in SAM. These have been written by the Smithsonian Office of Contracting and Personal Property Management and are intended to convey specific information on how to register with SAM to do business with the Smithsonian. Full guidance on how to register in SAM is available from the Federal Services Help Desk (FSD) and Professional Technical Assistance Centers, as described in the tips.

SAM requires all entities to submit a notarized letter to designate a new entity administrator on existing registration where there is no existing administrator to approve role requests. This letter can be submitted after the SAM registration process is completed. Please allow time within your registration planning and process to accommodate this requirement. The notarized letter must contain specific language written by SAM and outlined on the FSD website. More information on this notarized letter is contained in the tips portion of this letter.

Thank you for your attention to this matter. If you received this letter in conjunction with a solicitation or Request for Quote, please address any questions you may have to the Smithsonian point of contact whose name and telephone number are provided therein.

Sincerely,

A handwritten signature in black ink, appearing to read "Thomas E. Dempsey".

Thomas E. Dempsey  
Director

## General Tips for Businesses To Register in SAM

1. **There is assistance directly on the SAM website to start registration.** Look for quick start guides and the SAM user manual using the Help tab on the SAM.gov website. These guides are helpful for vendors in completing the SAM registration process.
2. **You control all information entered into SAM, and may opt out of public searches.** If you choose to opt out of public searches, please notify the Smithsonian employee you are working with and provide confirmation of your SAM registration.
3. **The name of your business (entity) that you enter in SAM must match your IRS Tax Payer Consent Name.** This will be the name that Smithsonian will use to register your business/company/organization in our internal payment and tax reporting system. If your SAM entity name and your Tax Payer Consent Name differ this can create problems during the Smithsonian vendor enrollment and tax reporting processes, as well as for you when paying taxes. (These two names may be allowed to differ only if you are a single member LLC, and you report and pay taxes to the IRS using the owners name and tax id. In this case, IRS will count the owners name and tax id as the legal business name while disregarding the legal business name of the LLC registered in SAM.)
4. **You must register as eligible to receive “All Awards” to qualify for Smithsonian Awards.** In the SAM registration process, you will be asked for your purpose of registration. The question is “Why are you registering this entity to do business with the U.S. Government?” You must answer this question with “I want to be able to bid on federal contracts or other government opportunities. I also want to be able to apply for grants, loans, and other financial assistance programs.” This option will allow you to accept procurement transactions issued by the Smithsonian. Do not select “I only want to apply for federal assistance opportunities like grants, loans, and other financial assistance programs.” If you register for assistance opportunities only then award actions with the Smithsonian may be delayed until your record is corrected.
5. **There can be no breaks in registration after completion.** After you have completed registration you will be required to update your information if it ever changes (such as mailing address or banking records) and notify Smithsonian staff as soon as possible. You will also be required to validate your registration at least annually. Your SAM registration must be active throughout the term of the award and when modifications or amendments to awards are required.
6. **Be sure to file you SAM registration information in a safe place to ensure your UEI is easily accessible.** You will need your UEI to renew or update your SAM registration.
7. **Free assistance with SAM registration is available via the Federal Service Desk (FSD).** This is available at <http://www.fsd.gov>, 24 hours a day, or at the toll-free number 1-866-606-8220, from 8:00 am to 8:00 pm ET.
8. **Procurement Technical Assistance Centers (PTAC) offer free assistance with SAM registration.** These centers are non-profit, non-governmental organizations established to assist you with doing business with the government. You must use the local or regional office closest to your business address. Locate the center nearest at <http://www.aptac-us.org>.

## Tips for Businesses To Register in SAM – Submitting a Notarized Letter

Guidance for the required notarized letter is found at [www.fsd.gov](http://www.fsd.gov) in the frequently asked questions section. The process to submit the notarized letter is found on the FSD website Frequently Asked Questions knowledge base under the question “How can I become the new administrator for our entity registration?”

Below is an excerpt on the process from the knowledge base. For the full information and process to submit the notarized letter, please consult the entire article on the FSD homepage or contact the FSD.

---

Excerpted from the FAQ section of [www.fsd.gov](http://www.fsd.gov).

SAM.gov requires a notarized letter to give access to new Entity Administrators on existing registrations where there is no existing administrator to approve your role request. Your notarized letter needs to:

- Be on your company/organization letterhead, and be signed by your company President, CEO, or other authorized signature authority
- Contain the UEI number for your business/company/organization that is assigned by SAM
- Contain the new Entity Administrator’s name, phone number, and email address and match exactly how its displayed on your sam.gov individual account
- Provide a justification for the change
- Contain this statement above the signature block of your letter and insert the appropriate names where noted:
  - “The purpose of this notarized letter is to designate **[insert name of Entity Administrator]** as Entity Administrator for **[company]**. I, **[name and title of signatory]**, hereby confirm that **[Insert name of Entity Administrator]** is an authorized officer, agent, or representative of **[insert entity name, or, for individuals representing themselves, say him/herself]**. This letter will authorize **[Insert name of Entity Administrator]** to have access to the System for Award Management (SAM). SAM is a computer system managed by the Federal Government, and it is only accessible by individuals who are either authorized to represent a particular entity, or by individuals representing themselves. Accessing or using SAM, or information contained therein, for any unauthorized or illegal purposes, may have civil and criminal penalties, and may negatively impact the status of the SAM registration maintained on this entity. I, the below-signed, attest to the accuracy of all information contained in this letter.”

Please note that the United States Federal Government does not charge or require any fees in order to be registered into the System for Award Management, nor does it charge any fee to receive assistance from the Federal Service Desk, which is the Help Desk that services SAM.
